A: SAS courses

B: Human Tradition

C: Core

do not count towards the 120 credits for graduation.

Courses I & II are equivalent to CHE 327. HIS 151 & 152 respectively: 2 courses required.

The image shows a large, abstract graphic composed of numerous horizontal bands of color. The colors include shades of yellow, green, blue, red, and orange, creating a vibrant, multi-layered effect. The bands vary in width and intensity, giving the overall appearance of a stylized landscape or a complex data visualization. The graphic is positioned in the upper half of the page, below the header and above the footer.
