ADMS 500		

MAT 190 Calculus I	4
ENV 104 Introduction to Environmental Issues	3

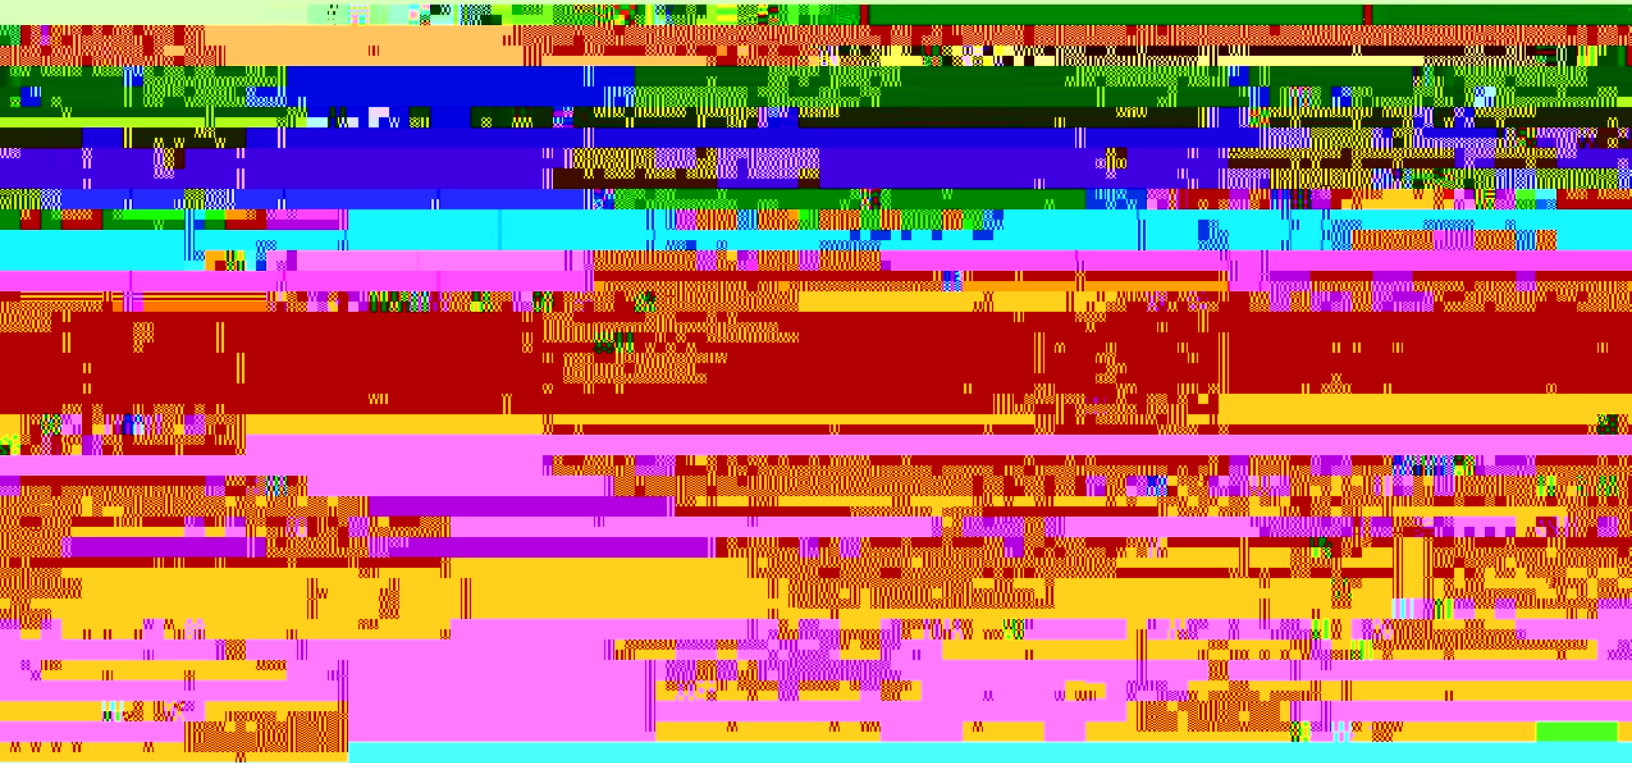

The first part of the document contains a header section with course information. Below this, there is a large block of text that is heavily obscured by a dense pattern of horizontal lines and noise, making it illegible.

The middle section of the document continues with text that is almost entirely obscured by a complex, multi-colored pattern of noise and artifacts. Only faint, illegible shapes and colors are visible through the noise.

The bottom section of the document shows a continuation of the obscured text. The noise pattern remains dense and multi-colored, preventing any meaningful transcription of the content.

APPENDIX C

Removal of *Cryptosporidium* and *Giardia lamblia* by Chlorination of Surface Water
