1. The purpose of this Memorandum of Understanding is to establish a framework for cooperation and collaboration between the University of Maine and Central Maine Community College in the areas of research, education, and community service. This agreement is intended to facilitate the sharing of resources, expertise, and information between the two institutions, thereby enhancing the quality of education and research for both.

2. The University of Maine and Central Maine Community College agree to work together to identify and pursue joint research projects that have the potential for significant contributions to the fields of science, technology, and the environment. This includes the sharing of research facilities, equipment, and personnel, as well as the development of joint grant proposals and the publication of research findings.

3. The University of Maine and Central Maine Community College agree to collaborate in the development and delivery of educational programs and courses. This includes the sharing of faculty, staff, and course materials, as well as the development of joint degree programs and certificate programs. The institutions agree to provide each other with information regarding their respective academic programs and to work together to address any issues that may arise in the course of their collaboration.
